Coffee

Have you tried a coffee from our state-of-the-art Kees van der Westen machine yet? We promise you won't regret it. Created by an industrial-design genius with a reported penchant for driving a 1962 Cadillac, Kees van der Westen is a Dutch brand known for high-end, high-precision espresso machines that are as elegant in their retro-sleek design as they are edgy.

Bullitt's Kees van der Westen 'Spirit' model was built with a single goal in mind: to deliver extreme precision no matter what you throw at it. So go on, do your worst – the Kees can handle it!

Our Espresso Bar is open daily from 7am and serves a variety of single origin speciality coffees sourced by Bailies Coffee Roasters. Our extraordinary and distinctive coffees change regularly to keep things interesting. Just ask our baristas for details and tasting notes.
