

BULLITT NEEDS YOU...

EIGHT THINGS YOU CAN DO TO HELP SAVE THE PLANET.

Here at Bullitt we are working hard to be as green and sustainable as possible, but we need your help. We can all reduce our impact on the environment by making small choices.

01

CONSERVE ENERGY

Reduce energy by switching off lights and closing windows if heating is on. The Energy Saving Trust provides information on what you can do while with us and at home. Find out more at energysavingtrust.org.uk

02

DITCH THE CAR

Leave the car behind, if only for a day. Walk, cycle or use public transport. Ask at reception about our Bullitt bikes which are free for hotel guests!

03

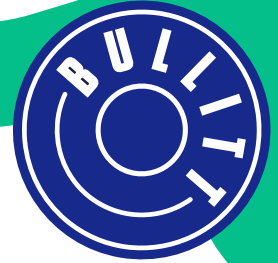

SHOP LOCAL

Use local products, they give you a flavour of the real Belfast and help support local communities. We are fortunate to have some fantastic producers of food, drink and arts and crafts. Ask at reception for one of our Bullitt maps – our handpicked guide of the best places to eat, drink and shop in the city.

04

REDUCE, REUSE, RECYCLE

Try to avoid overly packaged goods and say no to that extra carrier bag.

05

BE WATER WISE

Water is a precious resource and should be used wisely. Turn off the tap when brushing your teeth and consider reusing your towels.

06

RESPECT NATURE

Help us to look after the landscape and wildlife by not littering, guarding against fire and using footpaths and cycle-ways responsibly.

07

PROTECT YOURSELF AND OTHERS

Do not travel if you have COVID-19 symptoms or have been told to isolate. Observe physical distancing, wear a face covering when required. Regularly use hand sanitiser and wash your hand frequently.

08

GREEN TOURISM

This is the go-to standard for sustainability, look out for the symbol and please support those businesses that are working to reduce their carbon footprint. The award is also open to tour operators, visitor attractions, activity providers, accommodation providers, restaurants, and other businesses.
